

ASSESSMENT GENERATOR TUTORIAL

HOW QUESTIONS ARE SCORED

Breakdown of how Scores are calculated by Assessment Generator

Question Types:

Check Box: Scored – you assign a value to award points if a participant checks the box.

Options: Multi-choice – provide as many choices as you would like, you assign a score for the correct answer in the Type Based Assessment.

Options: In the Simple Assessment, this question is treated as one correct answer. The Correct answer is worth 1 point.

Scale 1-5: Less likely to most likely – 1 to 5 points possible – a score of 5 is awarded for choosing most likely.

Scale 1-10: Less likely to most likely – 1 to 10 points possible – a score of 10 is awarded for choosing most likely.

Narrative: Not scored – text fill in box

Yes/No: Scored – a yes earns one point, a no earns 0 points

Yes/No/Maybe: Scored – a YES earns two points, a NO earns 0 points and MAYBE earns 1 point

Yes/No/Sometimes: Scored – a YES earns two points, a NO earns 0 points and SOMETIMES earns 1 point
